FIRE DAMAGES KANE HOME AT M'KNIGHTSTOWN

Fire, believed to have started from a furnace, caused damage as yet unestimated to the home of Mrs. Dora Mae Kane, a short distance east of McKnightstown late this morning.

Smoke was found pouring from the east side of the antique dealer's home about 11 o'clock by Mrs. Wilbur Hankey, who was driving from Gettysburg to her husband's garage about 500 yards west of the Kane home. The smoke, up to that time had not been noticeable from the garage.

Mrs. Kane had gone to Roland Park, Md., Thursday afternoon to be with her husband, Maurice Kane, Sr., a contractor there. Their son, Joseph, was at Gettysburg college. Gettysburg firemen had to break in a door to gain entry to the front of the house. Hankey, who had gone to the home, while his wife called firemen, had attempted to enter from a rear door but was driven back by flames.

Six Companies Called

Gettysburg, Cashtown, Barlow, Bonneauville, Arendtsville and Fairfield firemen were called. Unable to obtain water at the scene the various fire trucks operated a relay to bring water from Marsh creek in booster tanks to the fire.

Smoke pouring from every window and opening in the house hampered firemen at first, preventing them from discovering the source. While some firemen carried out many antiques in the house other firemen crawled on their stomachs under the thick smoke in the front rooms and finally cut a hole in the floor to get at the main fire.

Some antiques were burned and others damaged by water.

Firemen finally rigged a half-mile hose line across the Lincoln highway and east to the homes of N. E. Carey and Herbert Raab to get water from wells. Traffic was piled up for a mile on each side of the fire until police and firemen could set up a one-way traffic crossing over the fire hose line.

Plans to publicize the work of the auxiliary were discussed. Organizations interested in the work are urged to send representatives to the next meeting, Richard Summer, president, announced.

Piano Is Needed

Mrs. J. Lazos was authorized to investigate the possibility of arranging for guests at the home to attend local movies and the securing of a projector and screen for showing films at the county home.

Mrs. Hope Morgan was named to investigate the need of reading to residents of the home who are bed-fast or blind.

Burgess Had Premonition

Burgess William G. Weaver, who is also president-elect of the Gettysburg fire company and an active member of the company, predicted today's fire at the Kane home west of Seven Stars.

He predicted, that is, that there would be a fire. Every time the burgess dreams about a fire, one occurs, he said this morning, two hours before the siren blew. He dreamed last night, he said, that he and "Piney" Bender were trying to get the old Brockway truck started to go to a fire in Arendtsville.

The burgess's dream didn't go so far as to tell him where or what this noon's fire would be, however. He just knew there would be one, based on the infallible "hunch" that every "fire dream" is followed by a fire.

Republican expenditures in the Nov. 7 general election totaled some \$1,400,000. Last spring, warning GOP factions in the primary, laid out more than \$1,500,000.

The Republican primary campaign expenses are currently under investigation by a Senate committee headed by Sen. Guy Gillette (D-Iowa). The committee so far has issued no report.

The Republican party's \$1,400,000 general election outlay contrasts with \$325,662 in expenses reported by the Democratic State committee. Yesterday was the deadline for filing general election expense accounts with the state election bureau.

J. W. Bringman, Gettysburg, unsuccessful Democratic candidate for assemblyman, spent \$755.91 in his campaign for the November 7 election, according to an account filed with the Adams county commissioners.

Emmitsburg Will Buy Xmas Lights

Emmitsburg borough is planning to purchase its own Christmas lights this year, and add to the decorations each succeeding year.

Burgess Thornton Rodgers said Thursday night that the town this year has purchased lights which will be placed around the center square of the town and that in succeeding years the town hopes to purchase additional lights for the streets radiating from the square. The Lions club has donated four trees, with one placed on each corner of the square, as part of the Christmas decorations. The lights are to be installed by Saturday night.

Rodgers explained that the borough is planning to provide the decorations because "the Christmas lights are for the pleasure of everyone and thus are a borough responsibility, as I see it, rather than the responsibility of some groups or organizations. We all enjoy the lights, and thus it should be up to all of us to decorate the town. The only way to do that is for the borough itself to do the job."

Bullets Open Cage Season With Pitt Here Saturday

A 14-man squad will be in uniform when the Gettysburg college basketball team opens its 1950-51 season here Saturday evening with the University of Pittsburgh.

The game will get underway at 8 o'clock. No preliminary game will be played.

Coach Henry T. Bream has been working with a 19-man squad and all but five will don uniforms for the contest.

The Bullet mentor said today he expects to use 10 men in the game with the Panthers but is undecided on what combination he will use.

Hank Belber, sharp-shooting guard, and Bob O'Brien, a clever forward, are the only two seniors on the "first ten." Both are six footers.

Rounding out the group are Warren Watson, 6-3; Tom Ketterman, 6-3; Bruce Mahon, 6-2; George Hare, 6-1; John Clark, 6; Gene Coe, 6-3, and Milan Resanovich, 6, all juniors, and Bob Pizzaloto, 5-11, the lone sophomore who paced the freshmen scorers a year ago.

Squad Promising
Completing the uniformed squad for Saturday will be Ralph Knoll, 6-1; Robert Detweiler, 6; Russ Bamberger, 6, and Ned Browneley, 5-10, all sophomores. Dale Kleinfelter, a 6-1 transfer from Penn State college, will be ineligible until the second semester.

In pre-season workouts the Bullets have shown promising form and hopes are high for a successful campaign.

Despite a narrow defeat last week at the hands of a strong Kent State outfit, Pitt expects to have a much stronger team this year and will depend largely on some very promising freshmen material for its strength. The Panthers nosed out the Bullets 59-57 last season in Pittsburgh.

Following Saturday's game the Bullets will meet Johns Hopkins here on December 12; Mt. St. Mary's here on December 14; LaSalle at Philadelphia on December 18, and Cornell here December 20 before the holiday recess.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Dec. 8 (AP)—Did you know the Phillies had a "Whiz Kid" manager in their farm system, too?

Even Danny Carnevale's boosters don't think he'll succeed Eddie Sawyer soon, but they predict a fine future for the 33-year-old Terre Haute manager. . . . In his five years as a player-manager he has hit a consistent 350 and his teams never have finished worse than second.

Danny figures he has a couple of years more as a player in the lower minors before he settles down on the bench. . . . Peter Mullins, who placed sixth in the 1948 Olympic Decathlon, is trying basketball for the first time at Washington State college and likes it. . . . One of his teammates, Eric Roberts, tied for first in the high jump in the Pacific Coast-Big Ten track meet last spring. . . . Ed Benedict, co-captain of the 1934 NYU football team, has invited Coach Hugh Devore and his squad to spend Saturday on Ed's 900-acre farm at Brewster, N. Y. . . . There's a guy who has gone further than NYU football in 15 years.

FLUID SITUATION
After traveling all the way from Norman, Okla., to Minneapolis to scout the Minnesota basketball team in its romp against Nebraska, Shockey Needy, Oklahoma's assistant basketball coach, reported: "We are preparing a strategic withdrawal to prepared positions—only we don't have the prepared positions."

ONE-MINUTE SPORTS PAGE
Story from the south is that the Southern conference will take action this week to make other schools conform with conference eligibility standards if they want to play football against teams in the circuit.

Doc Nardella, who patches up fighters, hockey players, etc., at the Garden, recently became a grandfather. . . . Durham, N. C., is planning a full week of entertainment for the 200 kid golfers (and accompanying adults) who'll be there for the U. S. Junior Chamber of Commerce tournament next August. . . . And some 15 cities already are bidding for the 1952 event. . . . Duquesne U. basketball followers think they have another Charley Cooper in Freshman Fletcher Johnson. He's a product of Dwight Morrow high in Englewood, N. J., which also turned out Sherman White.

NEW PIAA CAGE RULES IN FORCE
Several changes in basketball rules to be observed by PIAA schools during the season are listed below as a means of aiding fans in their appreciation of situations which will develop throughout the campaign.

One of the most important changes has to do with substitutions. Under the new rules no substitutions may be made for the purpose of stopping the clock, a substitute entering the game only when beckoned in by an official when the clock is stopped for some purpose other than the substitution.

The official's provisional time out in the second quarter, and the official's mandatory time-out after five minutes of play in the fourth quarter have been deleted. In judgment of the rules committee, the liberal time-out allowance for each team, the increased time for jump balls, higher scoring, and more called fouls have increased the number of dead ball situations, and thereby have correspondingly decreased the length of live-ball intervals of sustained strenuous player action. The clock is stopped on every jump ball during the game.

Unsportsmanlike conduct on the part of a player this year will result in technical fouls. It includes such action as a player failing to raise his hand at arm's length above his head after being charged with a personal foul, or by raising his hand in such a manner as to indicate resentment or to make a derogatory gesture.

A second free-throw shall be afforded when a personal foul is committed by a player who does not make a reasonable effort to avoid personal contact. The captain of the offended team may waive a free-throw any time throughout the game.

BULLET MATMEN MEET CORNELL

Gettysburg college's wrestling team left this morning at 8 o'clock for Ithaca, N. Y., for its opening match of the season Saturday at 2:30 p.m. with Cornell university.

For the most part Coach Clyde Cole's outfit is inexperienced. Three squad members lack high school experience and several others have wrestled in only a few bouts. John Hershberger, heavyweight, is the only senior among these scheduled to face Cornell.

Last Monday the Bullets journeyed to State college for a practice workout and, although outclassed, indicated that with more experience they may develop into a strong outfit.

Coach Cole today listed the following as probable participants: 123, Johnny Locse or Dick Rabenstein; 130, Jimmy Woods; 137, Jack Ledy; 145, Bob Hosking or Fred Hoenninger; 157, Johnny Harford; 177, Jim Spangler, and heavyweight, John Hershberger, Loose, Woods and John Hershberger are lettermen.

The squad will make the return trip on Sunday.
On December 15 the Bullets will meet Pitt in their first home engagement.

Aggies And Georgia Clash In Bowl Tilt

Two of the country's brightest gridiron luminaries will be matched Saturday afternoon when the first Presidential Cup Football game, Washington's initial post-season extravaganza, is staged at Byrd Stadium starting at 1:30 p.m.

It will be Bob Smith, Texas A & M's bruising fullback, against Billy Mixon, the University of Georgia's fancy left halfback, in a contest for individual honors which may steal the show from the great pre-game and halftime military pageant ever presented at a college clash, even the outcome of the inter-sectional battle.

In charge of hostilities on the field, as the nation's "bowl" season of 1950 gets under way under the sponsorship of the District of Columbia American Legion and with the approval of President Truman, will be two officials from the Aggies' Southwestern conference and two from the Bulldogs' Southeastern conference. From the west will come Field Judge Jim Higgins of Southern Methodist, and Umpire Charles Hawn of the University of Texas. From the southeast will come Referee Fred Koster of Louisville U., and Head Lineman Charles Wood of Georgia Tech.

New Oxford Girls Win First Contest

The New Oxford high schools girls' basketball team, coached by Harriet Harbaugh, opened its season successfully by defeating Dover 26-15 Thursday at New Oxford.

At half time New Oxford led 11-10. Pat Leib led the victors with 11 points.

A return game will be played at Dover on December 20.

LONG ISLAND 5 DOWNS DENVER

New York, Dec. 8 (AP)—Two great basketball players battled it out in Madison Square Garden on even terms last night until a leg cramp decided the issue.

Sid Ryan, 6-4 Denver forward, twice brought the Pioneers from behind Long Island University with last-second baskets to send the game into double overtime. Then with the score tied at 55-55 in the final overtime his leg cramped from exhaustion and Denver lost, 58-56, after he left the court.

Until then, the Denver playmaker and leading scorer had done a good job of keeping pace with 6-7½ Sherman White, perhaps the No. 1 cager in the east. Ryan scored 19 and White 22.

Off their showing to date, both Denver and Brigham Young of the Rocky Mountain area rate as contenders for national honors in March.

The touring BYU five downed tough Eastern Kentucky, 63-58, at Richmond, Ky., last night. Center Mel Hutchins scored 21 for Brigham.

Powerful Bradley had trouble all the way before edging Oregon State, 77-74. Gene Melchiorre and Fred Schlichtman of the Peoria Braves each counted 21. Bradley plays a strong DePaul club Saturday.

The Texas Aggies pulled one of the night's big upsets in trimming unbeaten Canisius, 45-44, on Jewell McDowell's basket in the final 11 seconds. Canisius led, 44-41, with 47 seconds to go. A basket by Marvin Martin brought it to 44-43 when John McDowell stole the ball and passed to McDowell for the winning goal.

BASKETBALL FOR BOYS
Basketball for boys between the ages of eight and 15 years will be conducted by the Recreation association at Gettysburg high school Saturday morning at 9:30 o'clock.

There are 26 eating places, a post office, passport bureau, 12 landscaped sky gardens, 20 consulates and an outdoor skating rink all within Rockefeller Center in New York city.

BASEBALL FACES CRITICAL TIME SAYS CHANDLER

St. Petersburg, Fla., Dec. 8 (AP)—Minor league officials headed for home today with Commissioner A. B. Chandler's ominous warning still ringing in their ears:

"We're living in terrible times," baseball's high commissioner had told the meeting at a banquet last night marking the 49th convention's closing. "We've got to look facts in the face. We've got to be ready for every emergency."

"We must be prepared to face the uncertainty and you fellows must make plans accordingly."

While denying, in effect, that he had told a group informally to expect total mobilization and that baseball may have to cease operations, Chandler left no doubt that the game must be prepared for just such an emergency.

"We are coming to a critical period," he told his audience of 1,000. "When you speak you run the risk of having it come out not the way you had intended it to come out."

He obviously was referring to an informal chat he had had earlier with several newspapermen in which the world situation was the chief topic.

"I understand I've been quoted as saying we're going to have total mobilization," he said. "I don't claim to know. When you deny something it's like being asked 'when did you stop beating your wife?'"

"I don't know whether we will have total mobilization," he went on. "Even if we do I have no idea what effects it would have on baseball."

Chandler told of a recent visit with President Truman in Washington when he discussed baseball and the world crisis with the nation's No. 1 executive.

"People might say I was a bit chauvinistic but the fellows who didn't speak up in the last war found they had to close shop," he pointed out.

Seek No Favors

The commissioner said the President's views were encouraging. He was assured that every effort would be made to keep baseball going. Chandler, on the other hand, assured the President that baseball was prepared to do anything asked of it, in the event of a third world war, in the way of manpower and material.

"Baseball never has and never will ask for special favors," he said.

The war threat to baseball hinted at by Chandler's address pushed into the background the bonus and high school rule repeal and even the anticipated arrival of Branch Rickey and Billy Meyer.

The moguls ended a three-year battle to kill the bonus law with yesterday's action that will affect 43 big league and 578 minor league bonus players. The rule officially will be tossed out next week when the majors do the expected and follow the minors' initiative.

Should that happen, it would mean that such lads as Paul Pettit, Pittsburgh's \$100,000 bonus baby, Johnny Antonelli of Boston's Braves, Frank House of Detroit and Gus Karazakos of the Chicago White Sox, could be sent out for more seasoning. Under the present rule a bonus player must be kept after only one year in a lower classification.

The high school rule is due to be revised. An eight-man committee will be appointed to draw up a new agreement permitting baseball to discuss terms with schoolboys, particularly during their senior year. Under a present agreement, which does not expire until Dec. 31, 1951, a student may not be approached until either he or his class has been graduated.

On the playing front, the only news of major calibre was the signing of Mike Ryba as coach of the St. Louis Cardinals.

A full-fledged rodeo for juvenile performers only is held at Santa Rosa, New Mexico, each June.

Today's Talk

By GEORGE MATTHEWS ADAMS

GOOD WEARING FOLKS
One of the supreme joys of this earth is companionship with folks whose characteristics, modes, manners, habits, and outlook, meet our own—perhaps not fully to a tailor-made fit, but near, and adequate. Good wearing folks are the gems of this earth, as well. They can never come around too often, or stay too late.

Alexander Smith, who wrote that wonderful collection of essays contained in his book "Dreamthorp," had a very close friend by the name of Hugh Macdonald, whose idol as a poet was Robert Burns. "Rabbie," he called him, with affection. Smith's earlier writing was in poetry, which Macdonald never failed to disparage in the most colorful fashion, yet so genuine were the wearing qualities of this friend of Smith's that he remained constant and inseparable to the end of his life.

We wouldn't be happy with friends who agreed with us at all times, or who had no ideas of their own, or who were not considerate of our feelings and opinions, or beliefs. They would not wear with us. They would misfit our life and distort it. How happy we should be that we can choose our friends, selecting those who wear well with us!

There are those who seem to fit us comfortably, and therefore wear well with us, but there is that other kind who don't fit and so irritate us and arouse our dislike. But this is a big world, and the stock of people is plentiful and varied. Like our clothes, we want not only well wearing ones, but those which spark our personality—and good wearing folks do this—and more.

When we buy a suit of clothes, or a piece of furniture, or a car, we look for the material that distinguishes it. People are material. And this material stands out for all who choose to examine. There are people who are as expert in judging the material in the makeup of others as they are in judging the material in anything. We all want those of our friends, associates, and companions, to be of that good wearing material! We need it for ourselves as well.

Tomorrow Mr. Adams will talk on the subject: "A Traveller in Little Things."

THE GIVEN WORD
Your given word is precious stuff,
A treasure, son, that you must cherish.
One small betrayal is enough,
Upon the instant it will perish.

Your promise is a fragile thing.
You must be careful when you make it
And guard it, son, remembering
You can't repair it once you break it.

Easily said is: "That I'll do."
But when to any one you've said it
Then to your given word be true.
For that is all there is to "credit."

Santa and the COWBOY

CHAPTER TWO
BUCKY GETS AN ANSWER
Kid Buckaroo wrote a letter to Santa Claus asking for some real live fighting Indians for Christmas. He left the letter for his father to mail and went to bed.

Now, parents have to read letters to Santa before they mail them to be sure there are no misspelled words. So Bucky's father read his letter.

"Good heavens!" he exclaimed. "All he wants for Christmas are some Indians to fight!"

"Mercy!" cried Bucky's mother. "Whatever shall we do?"

"I don't know. Maybe I better dress up like an Indian Chief. But one thing is certain—here's one letter that will never reach Santa Claus, thank goodness!"

He tossed the letter into the waste basket. But what strange things happened to that letter!

The next morning the waste basket was emptied by the trash man and taken away in a big truck. As the truck rumbled through the streets, the wind loosened the paper and blew it onto the sidewalk.

A man walking to work kicked the paper into an alley. There a small boy snatched it, wadded it up and batted it across the street like a ping-pong ball.

This time it landed right at the feet of Mortimer Moonface who was sitting on the curbstone resting. Few people could see Mortimer because he was a brownie. He was on his way home from the bakery where he worked putting holes in doughnuts.

I guess you know that fairies and elves and such are not just crea-

tures to be found in forests and books. No, indeed. Every city is filled with them—tiny men and women, not six inches tall, making a living in the city just like everyone else.

Now Mortimer Moonface carried a wee loaf of bread under his arm. When he saw the crumpled paper at his feet he picked it up and wrapped it around the bread to keep it clean. When he reached home (behind the face of the big City Hall clock) Mrs. Moonface unwrapped the bread. As she did so she cried out, "Why—Santa's name is written here!"

"So it is," said Mortimer, peering over her shoulder. "Let's see. It says 'Dear Santa, I'd be so happy forever if you'd please bring me some real live Indians to fight. Kid Buckaroo, Terror of the West.'"

"Say!" cried Mrs. Moonface. "Wasn't Herbert telling us something about Indians in Santa Land last week?"

(Herbert, a brownie who worked on a newspaper, knew about everything that went on in the whole world.)

"That was Jindians," remembered Mortimer. "But Indians and Jindians are probably the same thing. Anyway, if Santa is having trou-

Court Upholds Hiss Conviction

New York, Dec. 8 (AP)—Conviction of Alger Hiss, former high state de-

Hiss was sentenced to five years in prison, but has been free in \$10,000 bail pending appeal.

Poultry raisers increase egg production by making the hen's day longer through the use of electric lights.

Bucky's heart thundered with excitement. So there were some fighting Indians left in the world! And in Santa Land of all places. Why, Santa's very life was probably in danger!

A cowboy certainly knew what he had to do. He belted on his two six-shooters, yanked his faithful stick horse from under the bed and grabbed his lasso. "Don't worry, Santa," he whispered. "Kid Buckaroo is on the way!"

THE STEWARDSHIP OF THE GOSPEL

Acts 8:4-8; II Corinthians 5:17-20; Philippians 1:12-18.

Memory selection: This is how one should regard us, as servants of Christ and stewards of the mysteries of God. Moreover it is required of stewards that they be found trustworthy. I Corinthians 4:1-2.

After discussing the stewardship of money and the stewardship of life we now have the stewardship of the Gospel—the most important of the three topics. It is the Gospel of Christ that brings hope and assurance to mankind, that all may live in the protective care of the grace of God. Without the Gospel stewardship of money and life would

lose their greatest value. The spreading of the Gospel has been entrusted to men. There is a fable that when Jesus returned to heaven from His mission to the earth, He was met by angels. They inquired about the success of the mission. Was it completed? No, the Master replied, but He had arranged to have the work carried on by such men as the Disciples. But the angels asked again, "What if these men fail you?" "Then my mission fails," he replied with sadness. The richest trust, and the most rewarding, is the responsibility to spread the Gospel of Jesus Christ.

Early Trustees

The early Christians took it for granted that they must preach and

teach the Gospel. And they never faltered! Our lesson opens with a reference to Philip, one of the disciples. He, like others, was driven from Jerusalem; he, like others, found this an opportunity to preach the Gospel elsewhere. So, instead of looking upon their dispersal as a hardship, they availed themselves of new open doors, worked at their trustworthiness, and succeeded by Divine aid. In this manner was the early Church founded. In this way will the Gospel be taken, by various methods, to a waiting world. The Book of Acts is so inspiring because it is an account of trustees of the saving Gospel in action.

In his second letter to the Corin-

thian converts Paul emphasizes the nature of stewardship of the Gospel. He calls it, "The message of reconciliation." Men in their willfulness become estranged from God, and their greatest need is to be reunited with Him. "In Tune with the Infinite" was a widely read novel of some years ago. It stressed the joy and spiritual benefits derived from being in harmony with God's will and purposes. That is what Paul meant by reconciliation. From experience he had learned what it was to be out of tune with God. By new experiences he found the blessings of being entirely reconciled. He hinted at this transformation in writing

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

about the old that had passed away, and the new that had come. "All this is from God" who brought it about through Christ, and gave to new men the charge to be stewards of "the ministry of reconciliation."

What causes men to get out of tune with the Infinite and so be in need of reconciliation? The answer is written all through the New Testament. It is sin in all its numerous forms, caused by unbelief and lack of trust in God. And the way back into God's favor and fellowship is by repentance. This is brought about by laying hold upon the grace of forgiveness freely offered through Christ. Paul took this road back, the prodigal son did, and millions have found joy and peace in traveling the same highway. And to preach that Gospel is the stewardship entrusted to all Christians.

Persecution and Progress

The peculiar character of Christianity is that it thrives especially under persecution. Again and again is this recorded in the history of the Church of Christ. Our reference in the lesson is to Paul in prison at Rome. He writes to the Philipppians: "I want you to know brethren," he

says, "that what has happened to me has really served to advance the Gospel." While in prison this tireless trustee of the Divine message witnessed so faithfully that the guard detailed to his prison house knew well, and so did others, that he was there because of his loyalty to Christ. Converts resulted from the Apostle's true stewardship. And this is the experience of churchmen wherever the same persistent effort is applied. What an inspiration to all true stewards of the ministry of reconciliation to know that in due time the cause of the Kingdom of Christ will win!

Is Only Outside Link

A Chinese attack on the Koto air-strip behind them made the critical situation even worse. The bumpy strip is the only outside link for the trapped troops south of the Changjin.

More than 1,700 critically wounded marines and doughboys have been flown from Koto. There were no details of the Red attack on the field.

Far north of the reservoir, the 17th Regiment of the U.S. Seventh Division was moving through mountains swarming with Chinese but its whereabouts was not announced. The 17th withdrew from a 10-mile stretch of the Yalu river boundary of Red Manchuria. It had been the only American outfit to reach the Yalu.

Some Elements Escape

In the far northeast, elements of the South Korean Capital Division were evacuated by water, presum-

ably from the big port of Chongjin, 60 miles southwest of the Soviet Siberian border.

An army source said the remainder of the division was pulling back by land toward Hungnam.

The east coast port of Wonsan, 50 air miles south of Hungnam, was evacuated by sea Wednesday under covering fire by three U.S. destroyers. Wonsan had been garrisoned by U.S. Third Division elements.

In the northwest, below Red-occupied Pyongyang, the U.S. Eighth Army consolidated positions on its newly-formed defense line.

LOCAL AREA OF MECO RECOVERS QUICKLY FROM RECENT STORM

The Gettysburg area of the Metropolitan Edison company was back in operation after the recent storms sooner than other districts in the eastern and midwestern states struck by the recent storm, according to reports appearing in Electric World magazine.

Metropolitan Edison company's report, in a story giving details of the storm damage, revealed that service was cut off for 73,000 customers of the light company during the storm. The Metropolitan Edison has three divisions, an eastern, with headquarters in Easton, a central section with headquarters at Reading and a western division with headquarters in York.

Heavy Damage
York area made the quickest recovery of the three divisions, with service resumed to all of its customers by Monday morning after the storm began early Saturday. Over the entire system the company lost 75 transformers, the York Haven hydro-electric plant was flooded out, and at Easton a suspension bridge dropped, carrying down with it two transmission lines.

Service was restored in the Gettysburg area by 11 o'clock Saturday night, within less than 24 hours after the storm began. The Gettysburg office then sent many of its men to Hanover and other parts of York county to help restore service there.

According to the survey among all electric companies in the area affected, more than 3,000,000 users were without electricity as a result of the storm.

Storm damage cost the Metropolitan Edison company approximately \$150,000, it was reported.

Germans Cold To French Proposal

Bonn, Germany, Dec. 8 (AP)—West German officials turned a cold shoulder today to the new plan for including German troops in the North Atlantic forces, which was announced by the French last night.

An official government spokesman declined immediate comment on the grounds that the government has not been officially informed.

But officials high in government circles said privately that West Germany would never accept any plan which discriminates against German contingents.

Observers pointed to recent statements by Chancellor Konrad Adenauer demanding "full equality" for any German defense force.

Washington, Dec. 8 (AP)—Republican Senate leaders decided Thursday to let all GOP senators pass upon a formal request "for the resignation or replacement of Secretary of State Acheson." Senator Taft (R-Ohio), chairman, told reporters this was the decision of the Senate GOP Policy committee.

Gasoline Bombs Used by Strikers

Pittsburgh, Dec. 8 (AP)—Crudely-made gasoline bombs shattered windows in Gimbel's downtown department store and a Gimbel warehouse Thursday as continuing violence marked the 18-day-old strike of truck drivers against three big stores.

A third unused bomb—made of a beer bottle filled with gasoline—was found on the steps of a church across the street from Gimbel's.

The small fire started in the display window was quickly extinguished by firemen.

Police details were doubled at all three stores and warehouses in the dispute between the AFL General Teamsters and Gimbel's, Horne's and Kaufmann's.

IS PRISONER IN BOX CAR 200 MI.

Harrisburg, Dec. 8 (AP)—Never again will Jimmy Deane, 15, of Clifton, N. J., place any faith in a boxcar. One gave him a bad 24 hours Wednesday.

Jimmy walked into city police headquarters here Thursday and unfolded a tale of a lonely, cold overnight ride in an empty boxcar which carried him a prisoner 200 miles from his home.

It all began Tuesday afternoon when Jimmy quarreled with his older sister over use of a radio. After the quarrel, he decided to sleep that night in a deserted boxcar near his home.

He made himself a bed on a pile of straw and fell asleep. The next thing he knew the boxcar was rumbling along, just another car in a freight train, and the door was locked.

Jimmy said he banged his fists on the door until they bled and shouted without avail.

Finally, at Sunbury, Pa., about 60 miles north of here, the train stopped and yardmen heard Jimmy's shouts.

"I didn't know where Sunbury was," Jimmy said, "so I decided to go to Harrisburg where I could call my father."

With only a nickel in his pocket, he started hitch-hiking and caught a ride here with a friendly truck driver.

He called his father, reversing the charges, of course, and then went to police headquarters to wait arrival of the money by wire. Jimmy left for home last night by train—but this time in a passenger car.

Washington, Dec. 8 (AP)—Americans will spend more than \$50,000,000 for Christmas trees this year.

tribution. The dockers were turned loose on them, ate 37,000 of them—about a dozen apiece. About 40,000 more the dockers couldn't stuff down were taken away to be burned.

This estimate forecasting the sale of 28,500,000 trees was made today by the Agriculture Department.

The department said this season's supply will equal last year's, and that prices are likely to be about the same.

The agency said about 21,500,000 trees will be cut in this country and about 7,000,000 imported from Canada. Montana leads the states in tree production, providing about one seventh of the country's cut.

Washington, Dec. 8 (AP)—Senator O'Connor (D-Md.) said today he is working on legislation to keep Communist China from getting war-useful materials now bound for the Orient aboard eight American ships. But before introducing it and asking emergency action by Congress, he is waiting to see what the Commerce department will do to intercept the cargoes.

The Cubs and Scouts along with members of the Rotary club, Lions club and Woman's Community club of Littlestown will call at each home in the borough on Wednesday evening. It is hoped that this drive will receive the same support from the town people as was received in previous years. The goal is \$1,500. Further notices will appear in the paper concerning the streets to be solicited and by whom it will be done. The Boy Scout committee is composed of Charles E. Ritter, chairman; Paul Snyder, secretary; Wilbur A. Bankert, treasurer; Erwin A. Rebert and Paul L. Hollinger, Lions club members; Luther D. Snyder and Cloy Crouse, Rotary club members.

That's as it should be. We like to feel that you take as great an interest in Chevrolet—the leader—as we take in our home town, which as far as we are concerned, is the leader among all the communities of America.

Introducing a new model of the car that has been the leader for 20 years is a great experience for us that never loses its thrill. Hundreds of folks feel the same way about it. We hope you will join them in our showroom Saturday.

How can you pass up prices like these?

As we've been saying for quite a spell— "Whatever your price range— Better buy Buick."

But maybe we'd better get down to brass tacks, as to just what this suggestion means.

In the lower-price field, this has been happening:

Four out of ten Buick SPECIALS—bought by people with a car to trade in—have been bought by folks who formerly drove one of the so-called "low-priced three." They found they could afford a Buick!

In the fine-car field, something even more impressive has happened:

Four out of five people who looked at a ROADMASTER and another very distinguished automobile decided in favor of ROADMASTER!

WHATEVER YOUR PRICE RANGE

So—whatever your price range, take a look at our prices—and at what you get for your money.

What you get is the thrill of owning the greatest Buick of all time—as registered by record-breaking sales.

What you get is power and style and comfort and performance that are hard to match in any other automobile.

More specifically—you get the power-with-thrift of Buick's famous Fireball high-compression engine—a style that stands out in any company—a ride with the comfort of coil springs on every wheel—and performance that makes you feel like the head man on any highway.

Better come in today—and see what can be done about getting quick delivery.

COLD FOLLOWS 60-MILE WIND; DAMAGE HEAVY IN WESTERN PA.

(By The Associated Press)

A new cold wave swept into Pennsylvania today on the tail of a high wind that did hundreds of thousands of dollars damage in the western part of the state.

The winds were due to continue most of the day. Snow flurries were general throughout Western Pennsylvania and are expected also in the mountains in the eastern section.

Fayette, Allegheny and Erie counties reported loss from the high winds.

A 60-mile-an-hour gale ripped a commercial blimp from its mooring mast at East Pittsburgh airport. Damage was estimated at \$70,000.

Uniontown Hard Hit

Winds of similar force ripped through Uniontown, uprooting trees and telephone poles and tearing roofs off several buildings. An early estimate said damage might run into hundreds of thousands.

Electric and phone service was disrupted in parts of Uniontown, a brick wall collapsed in the center of the city, damaging several cars.

Four men saved themselves by diving under a truck when walls of the Girard Motor Express garage collapsed. Several big trucks were damaged.

Trees and poles blocked one main highway in Fayette county for several hours.

Gusts of hurricane force were reported at Conneville airport. George Timko, of Conneville, suffered rib injuries when a garage caved in on him.

The airport at Erie reported a record gust of 91 miles an hour. All air flights were cancelled a short time before. In downtown Erie the winds blew more steadily at about 40 to 50 miles an hour.

Several department store windows were blown out and signs were knocked down. No injuries were reported.

Rain fell over most of the state yesterday and there was some snow. Philadelphia had winds of 38 miles an hour and Harrisburg 50 miles an hour. No damage was reported in either city.

"Elements of Publicity" was the title of Dr. Myers' talk. He pointed out that publicity is an act of making information public. At the executive meeting of the club it was decided to make the following contributions: \$50 to the annual Boy Scout-Girl Scout drive; \$5 to the Salvation Army; \$5 to the Adams County Free Library association; \$5 to the Vacation for the Blind in Pennsylvania; \$5 to the Pennsylvania Federation of the Blind, and \$5 to the Guiding Dog Foundation of the Blind. The publicity committee composed of John F. Feiser, Paul H. Scheivert and Mark H. Trostle was in charge of the program for Thursday evening.

Thursday evening, December 21, the Lions will observe Ladies night with a Christmas program and banquet at Redeemer's Evangelical and Reformed church social hall. presented in full 1880 costumes. Tom Sawyer and the famous whitewashing scene, Tom's favorite cat cure for warts, the murder of "Doc" Robinson and the pirate ambition offer plenty of problems for the Missouri boys.

Pupils portraying the well known Mark Twain characters are George Snyder, Terry Brown, Patricia Long, William Renner, Robert Hull, Diane Stambaugh, Barbara Renner, Lou Etta Miller, Jean Blocher, William Simons, Suzanne Harner, Darla Lemmon and Dean Sell. Prompters are Suzanne Long and Marilyn Spangler. The production is under the direction of Miss Dorothy Crabbs of the faculty.

Uniform Warning System Expected

Harrisburg, Dec. 8 (AP) — Pennsylvania may soon have a uniform air raid warning system.

Col. Alton C. Miller, director of the civilian defense program, said today a new siren is being designed by the National Bureau of Standards. "This siren will be designated the air raid siren and will be the only one which can be used for that purpose," Miller disclosed.

Miller said he did not know how soon the project would be completed or when the siren would go into mass production.

He said the federal government has not yet decided whether it intends to provide the sirens free of charge or whether the communities in each state will be obliged to pay for them. The question of a uniform air raid warning system has been "plaguing" defense officials for months, Miller said.
